Notice how the handle curves in 3 DIMENSIONS.

Long narrow, vertical artwork is fine over most of this area, but large solids will wrinkle and fold, so stay away from them when using this handle.

Horizontal artwork is also fine, but it cannot go very far in either direction vertically, or the same problem arises.

Also, artwork cannot wrap 360° around the handle. A gap must be left, preferably on both sides.

WHAT YOU NEED TO KNOW!

Our goal is to deliver the highest quality possible, but we need your help to make this happen.

So, take a couple of minutes to review this proof for:

- Artwork placement
- Color selection
- Correct spelling

If everything is correct, return this proof with your approval. Because without your approval, we can't release artwork for production.

Couple of notes:

All computer monitors show colors differently, final print colors will vary.

We do our best to match PMS colors, but due to the materials and processes, colors may vary

Capacity measurements are estimates.
